PROPRIETOR.

## PRAISE FOR SCHLEY.

Spanish Captain Tells of the Battle Off Santiago.

### SCHLEY DID HIS DUTY

Captain Moran Was Commander of the Cristobal Colon and Says the Brooklyn Was in the Lead Throughout the Fight.

New York, July 31.—The Madrid representative of The Journal has obtained an interview from Captain Diaz Moran, who commanded the Cristobal Colon during the naval conflict off Santiago. Says Captain Moran in reference to the movements of Admiral Schley:

"All the American officers, without exception, did their duty in the naval battle off Santiago. So did we, although it is certain that we were vanquished by superiority of force.

"It is absurd and unpatriotic to make any exception in the case of Admiral Schley. It is absurd because the Brooklyn was in the thickest of the fight throughout. She was at the mouth of the harbor when we tried to pass out, and engaged us with a terrific fire, doing frightful damage to the end. In the pursuit of the Cristobal Colon we surrendered to the Brooklyn 45 miles west of Santiago.

"The Brooklyn was the first to encounter us as we were coming out, and the first to lead in the pursuit, and she kept up the lead, with the Oregon vastly aiding. The Brooklyn landed a shell just ahead of my ship and, with the Oregon helping her there was nothing left for me to do but run ashore.

"The Brooklyn's conduct was brave, hence Commodore Schley was brave. Schley was on post, where he was put by Sampson. After the battle commenced each commander acted according to circumstances and events show that the Brooklyn bore a brave part. I should say that Schley was not only brave, but very competent, as is Sampson, whom I know personally. I do know Schley, but I am a friend of Captain Cook of the Brooklyn, whose photograph I have. On the back of it you can read the following: 'Duty to our flags brought us together in strife. The sea made us friends. May God preserve your life and give to you that measure of blessing which your courage so richly deserves.'

"Of all the American ships the Brooklyn was the most exposed to our fire and to that of our batteries. Schley's own report was a model of plain, sailor-like and gentlemanly statements. Schley directed that our officers retain their personal effects. A coward is never generous. The suggestion of cowardice probably comes from cowards.

"I have read in El Mundo Naval that this attack upon a naval officer has a low political basis. The navy should be left outside of politics.

"Admiral Sampson's own official report is evidence of the Brooklyn's active part and of Schley's competency and bravery. The adverse criticism is obviously an afterthought. As a naval officer I deplore it because the navy should be as sensitive as a woman about its honor."

Schley's Letter Received.

Washington, July 31.—The announcement is made at the navy department that the letter from Rear Admiral Schley, acknowledging receipt of the precept to the court of inquiry and making certain exceptions with reference thereto, has been received. No explanation of the delay in its arrival and no statement of the contents furnished. It is believed action will be taken at once.

Killed by a Constable.

El Paso, Tex., July 31.—At Glenison, Ariz., who belongs to a prominent Boston family, was shot and instantly killed by Constable Mart Moore. The shooting occurred during an excitement the incident being the attempt to escape of a prisoner whom Moore had in custody. Koen was accused of helping the prisoner, who made a break for liberty. The town is greatly excited and further trouble is expected.

Austria Becoming Alarmed.

Buda Pest, July 31.—In consequence of the agitation in Albania, Austria has ordered that every garrison in Bosnia and Herzegovina be immediately placed on a war footing. Additional regiments will leave Vienna this week for Sarajova and Banjaluka. All officers on a furlough have been ordered to rejoin their regiments.

Man and Wife Found Dead.

Jackson, Miss., July 31.—R. T. Taliaferro and wife, prominent citizens of Carroll county, were found dead early this morning, with their heads split open. It is thought the murder was committed by negroes out of revenge for the killing of a young negro who attempted to poison the Taliaferro family two weeks ago.

Arrest of an Anarchist.

### ANOTHER STATE TICKET.

Some Ohio Democrats Not Pleased With the Regular Platform.

Columbus, July 31.—Following the conference here Tuesday night of the Populist regarding the nomination of a state ticket and for a more perfect organization of that party in Ohio, there was held in this city this afternoon a state convention of the advocates of free silver and other issues not covered in either the Democratic or Republican state platform.

The convention was called immediately after the recent Democratic state convention by George A. Groot of Cleveland and others who were dissatisfied because the present Ohio Democratic platform did not refer to W. J. Bryan or reaffirm either the Chicago or Kansas City platform. And for other reasons set forth in the call issued July 13. George A. Groot was elected temporary chairman and Abner L. Davis temporary secretary of the convention. In his speech as temporary chairman, Mr. Groot reviewed the conditions that brought about this movement. He insisted it was not a movement of so-called "Bryan Democrats," alone, but of all those who advocated free silver and were opposed both to Democratic and Republican party at present organized and controlled.

The attendance was so small the convention was held in the parlors of the Great Southern hotel and the newspaper men present constituted a majority of the gathering.

It was decided to nominate a full state ticket and select a state committee to manage the campaign for the independent movement.

The platform adopted at a conference in Cleveland July 17, which has been generally circulated in printed form for subscribers by mail was endorsed. This platform reaffirms the Kansas City platform, indorses Bryan and declares especially for free silver. It includes the following plank:

"We demand that all money manufactured to be used in this country as a maximum of exchange whether gold, silver or paper, shall be coined by the government and distributed among the people without intervention of banks, and every dollar of it shall be legal tender for all debts, public and private."

Bullets Recommended.

Salem, Ill., July 31.—Rev. Noah J. Wright of Shelbyville, who has been assigned by the Prohibition central committee for campaign work in this Twenty-third congressional district, is spending this week in Marion county. He addressed a fair sized audience in the court house park in this city. His address was largely a tirade of abuse of the Republican and Democratic parties. He recommended that all churches become political organizations, if necessary to carry out the purpose of the Prohibition cause, and that all great political reforms were accomplished by bullets where ballots had failed; also that, if it be necessary, it were better that blood should flow through the streets than that we should continue to live under the dominating influence of the liquor power.

Indicted for Perjury.

Chicago, July 31.—Indictments charging perjury has been returned by the grand jury against John A. Hinsey, former president of the endowment rank, Knights of Pythias, and against Henry B. Stolte, former secretary of the endowment rank. Two indictments were returned against each defendant. The perjury charged is alleged to consist of statements made in the annual reports of the supreme lodge of Knights of Pythias, which the defendants as officers made to the insurance department of the state of Illinois. The reports, covering the years 1896 and 1899, are alleged to have contained items which gave a false showing of the condition of the endowment rank.

Russian Wheat for Seed.

Kansas City, July 31.—Fifteen cars of Russian hard wheat, which is a part of the consignment which left Odessa, Russia, four weeks ago has arrived in Kansas City and is being placed in the government warehouse. Four more car loads are yet to come. There are 14,446 bushels of wheat in the consignment, and it is to be distributed for seed purposes in Kansas and Oklahoma. It is the greatest shipment of hard seed wheat ever brought to this country. The purpose is to improve the quality of Kansas hard wheat for export flour. The cost of laying the wheat down in Kansas City was \$2.23 a bushel.

Pushing on to North Pole.

THURSDAY, AUGUST 1, 1901.

Horatio Rhodes.

After an illness of only one day Mr. Horatio Rhodes died in Waco yesterday morning at 4:50 o'clock. Mr. Rhodes was a native of Alabama, but made his home in Bryan for many years past. His wife died about a year ago and he has been living in five or six months prior to his death. He leaves four children, Mrs. J. R. Carlton of Bryan, Mr. Cecil Rhodes of Waco, Mr. W. P. Rhodes and Miss Rowena Rhodes of Denison. He also leaves two brothers and two sisters, Mr. A. W. Rhodes and Miss Emma Rhodes of Bryan, Miss Lizzie Rhodes of Madison county, and Mr. J. W. Rhodes of Waco.

Mr. Rhodes was a member of the Baptist church and a good and useful man. He was 56 years old.

The remains were brought here for interment yesterday afternoon. The funeral took place from the H. & T. C. depot. The service was conducted by Dr. W. C. Friley. The Eagle unites with other friends in sympathy for the members of the bereaved family.

Bryan leads all towns in this section of the state on getting the first bale, as she usually does. She will lead in receipts, too, when the season closes.

Despite the dropping of 38,082 names from the pension rolls through the death of that number of pensioners during the fiscal year, there was a net increase of 4,305 names in the rolls by the granting of new pensions, and the number carried on the rolls on June 30 was 997,834. The total expenditures was \$138,531,494, an increase of \$69,353 over the previous year.

Mr. Carter, the photographer, is equipped for making pictures suitable for The Eagle special edition. He has done a great deal of this class of work and makes outside or inside views of buildings with equal facility.

### SERIOUS WRECK.

Passenger on Rock Island Ditched and  
Several Hurt.

Kremlin, O. T., July 31.—The north-bound Chicago, Rock Island and Pacific passenger train, crowded with departing homeseekers from El Reno, was wrecked yesterday while going at full speed two miles south of here.

C. L. McLain of Enid, O. T., was killed and 24 other passengers were cut and bruised. It is believed no one was fatally hurt.

The most seriously injured were:  
L. J. Schmidt, Kansas City, cut badly on face and hands.

W. H. Colsey, Medford, O. T., cut on head, face and hands.

James Taylor, Jamesport, Mo., severe cuts on chest and head.

G. H. Sholund, Victor, Colo., arm broken.

D. E. Saigham, Joplin, Mo., severely cut and injured internally.

K. Raub, North Topeka, Kas., thigh jammed and head bruised, serious.

A. N. Smith, Mile, Ia., back and wrist hurt.

A broken rail in a culvert, washed out by heavy rains threw the baggage car from the track. This car, the smoker and one passenger car were overturned resting on their sides. Three passenger cars and the sleeper also left the track but did not overturn. The engine and mail car remained on the track. Engineer Kelly shut off the air on the train when he saw the culverts condition and thus saved a greater disaster.

### NEGRO KILLED.

He Was Shot to Death for Killing Two  
Men in Arkansas.

Little Rock, July 31.—A special from Camden says one of the sons of Lige Sigler, a negro, was found in the road near Rosston shot full of holes. He was either taken from custody or got away. Sigler's two sons shot and killed Lewis Haynie, brother of State Senator Haynie, and Hop Halton Sunday night. Three negroes were under arrest. It seems bitter feelings have existed between the whites and negroes and that a number of negroes had been whipped. A crowd went to Sigler's house Sunday night with the supposed intention of whipping him. Sigler's sons opened fire, killing Haynie and Halton. The scene of trouble is in Nevada county.

### Given a Military Funeral.

Chicago, July 31.—Pursuant to an order from General Miles a military funeral was given a former private soldier at Fort Sheridan. The man to whom this honor was shown was James Bell, formerly of company E, Seventh infantry, Bell, with two companions during the troubles with the Sioux Indians in 1876 succeeded in carrying an important message from General Terry at the mouth of the Big Horn river to General Crook, then on the Powder river. Medals were voted the brave soldier by congress, following the issuance of a general field order recounting the exploit. When Bell left the service he came to Chicago where he died five days ago. General Miles accidentally heard of the old soldier's demise and issued the unusual order.

### Chinese Brigands Trapped.

Tacoma, July 31.—An army of brigands which recently invaded northern Tonkin has met with a terrible fate, according to news received by the steamship Duke of Fife. Late in June French re-enforcements from Saigon joined hands with regular Chinese troops under Marshal Li in a carefully planned movement, which resulted in the brigands being driven into the mountain country. There they were completely entrapped. They made one stand in a narrow valley and lost 600 killed. Two thousand survivors then fled further into the mountains, where they were surrounded. Some have been killed by sharpshooters and hundreds have perished from starvation.

### She Is Still a Countess.

London, July 31.—The house of lords has finally settled the mooted point whether or not a peeress, after a divorce and remarriage, is entitled to retain her divorced husband's title. The question was raised by Earl Cowley, who objected to the lady who divorced him continuing to call herself Countess Cowley after she married again. The verdict of the lower court was in favor of the earl, but that of the appeal court favored the lady; and now the house of lords has upheld the latter's right to the name of Countess of Cowley.

### For Killing His Father.

Ozark, Ark., July 31.—Charles Hunter, aged 21 years, was lodged in jail here, having been held to await the action of the grand jury for the killing of his father, O. S. Hunter, 20 miles south of here last Saturday. Young Hunter had a difficulty with his brother-in-law, Frank Russell, and drew a gun on him. Hunter's father interfered and young Hunter pulled out a knife, cutting his father in the abdomen and killing him, and inflicting perhaps fatal wounds on Russell. Hunter's mother was slashed severely on the hand.

### General Wood Arrives.

New York, July 31.—General Leonard Wood, military governor of Cuba, accompanied by Mrs. Wood and their three children, have arrived here on the steamer Morro Castle from Havana. General Wood said to a reporter that he felt much better and has not had any fever for 10 days.

### The Strike Complete.

San Francisco, July 31.—The labor troubles in this city have reached a crisis and as a result marine traffic and labor along the shore are almost at a standstill and industries almost totally paralyzed.

### POWERS SATISFIED.

Chinese Emperor Issues an Edict upon  
the Lines Demanded.

Pekin, July 31.—The tone and substance of the edict of the emperor providing for the reorganization of the Chinese foreign office just received here, satisfy the ministers of the powers. The edict coincides with their demands on the subject, formulated by Special Commissioner Rockhill as a condition of peace.

The edict declares that foreign affairs will hereafter be the most important business of the government; gives the foreign office precedence over the six old boards that previously outranked it and provides for the reception of the ministers in the hall in which heretofore only near relatives of the emperor have entered. It also provides for the entertainment of the ministers by the emperor at occasional banquets.

The German minister, Dr. Mumm von Schwarzenstein, is engaged in drafting a protocol providing for the punishment of Chinamen guilty of participation in the Boxer movements.

A feature of this is that the number of culprits has dwindled down from 100 men originally named to 54. This is due to the fact that in the majority of cases it has been found impossible to prove the guilt of the accused.

### Strike Not Yet Settled.

Pittsburg, July 31.—Disappointment and apprehension prevails in Pittsburg because of the failure of the executive board of the Amalgamated association of iron, steel and tin workers to ratify the peace proposals arranged at the conference in New York last Saturday between the national officials of the Amalgamated association and Messrs. Cary, Morgan and Schwab, representing the United States steel corporation.

### Big Damage Suit.

Laredo, Tex., July 31.—The largest suit ever filed in Webb county was filed in the office of the district clerk's here. The suit is by William Anderson vs. Ramon Llerena of Mexico and seeks to recover \$1,250,000 as damages for breach of contract on an option, plaintiff claims defendant gave him on a large body of land in Mexico containing coal.

### Strike at Tampa Serious.

Tampa, Fla., July 31.—The strike situation here is serious. The removal of certain anarchistic leaders from the city has been publicly advocated. The irritation among the strikers is such that it is probable an act of this kind would bring about a conflict. The manufacturers have held frequent conferences here but have given out nothing.

### Mrs. Nation Pardoned.

Topeka, July 31.—Mrs. Carrie Nation who was serving a jail sentence here for joint smashing has been pardoned by Governor Stanley. She would not at first accept the pardon, but afterward decided to do so. The county commissioners will allow her to pay the fine and costs in installments of \$5 a month.

### Bishop Moore Dead.

Jacksonville, Fla., July 31.—Bishop John Moore died at his home in St. Augustine Tuesday surrounded by most of the priests of Florida. His end was peaceful. The funeral will take place in the cathedral in St. Augustine Friday. Distinguished prelates from all over the United States will be present.

### Two Men Murdered.

Roanoke, Va., July 31.—The dead bodies of John Tolly and Charles Berry were found Tuesday in the road between Eocahontas, Va., and Coopers, W. Va. They had been murdered and robbed. The two murdered men were cousins and hailed from Tennessee.

### Barrel of Gasoline Explodes.

Chicago, July 31.—By an explosion of a barrel of gasoline on Vernon C. Seaver's yacht four men were burned, the yacht valued at \$9000 was destroyed and the building of the Columbia Yacht club was damaged by fire.

### Match Trust Planned.

London, July 31.—A universal match trust is contemplated, according to the Daily Mail by Edwin Gould and Mr. Barber, chairman of the Diamond Match company, who are largely buying up the stock of the Swedish Match company.

### More Women Than Men.

Washington, July 31.—The female population of Massachusetts constitutes 51.3 per cent of all the people of that state; in Maryland, 50.4 per cent; in Maine 49.5 per cent; in Louisiana 49.7 per cent and in Kentucky 49.2 per cent.

### Rice Shipment.

### DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

## TEXAS LEGISLATURE.

It Will Meet in Extraordinary Session Next Tuesday.

### HAS TWO PURPOSES.

To Redistrict the State and Make Appropriations for the Support of the Government—Items of Interest Over the State.

Austin, July 31.—Next Tuesday the Twenty-seventh legislature will convene in extraordinary session for two purposes, to redistrict the state into congressional, representative, senatorial and judicial districts and to make appropriations for the support of the state government for the two years beginning Sept. 1, the new fiscal year.

The question of probable length of the session has been freely and fully discussed, and while a few believe that the session "ought not" to last more than 30 days, predominant opinion is that 60 days will be required.

Superintendent of Public Buildings and Grounds Harlan has just put the senate chamber in splendid condition, revarnishing the desks, etc., and the chamber never looked better. Work will commence at once on the house and it will be ready on time.

Cotton Belt Will Extend.

Austin, July 31.—The attorney general approved and the secretary of state will file on receipt of proper fee an amendment to the charter of the St. Louis Southwestern Railway company of Texas providing for four extensions, aggregating 150 miles, as follows:

Renner to the city of Dallas, 13 miles; Gatesville to Hamilton, 32 miles; Hillsboro to Whitney, 14 miles; and an extension of the old Tyler Southeastern from its terminus at Lufkin through the counties of Angelina, San Augustine, Sabine, Jasper and Newton to a point in the latter county on the Sabine river, a distance of 90 miles.

Oil Burning Engines.

Cleburne, Tex., July 31.—A series of smaller engines will be equipped for burning Beaumont crude oil at the Santa Fe shops here. Six oil tanks were received from Topoka for the six engines now under course of construction. The division storage tanks for filling engines are under construction and will be placed when completed.

Four-Cornered Battle.

San Antonio, July 31.—Farmers living on adjoining farms near Medina City, in Bandera county, quarreled over the location of a dividing fence and a tragedy resulted. There were two men on each side, the Sextons and the Fillmores, and several shots were fired. Charles Sexton was killed by a Winchester bullet.

Tank struck by Lightning.

Beaumont, Tex., July 31.—The large oil tank on the Heywood Oil company was struck by lightning and but for the presence of mind of several drillers, might have caused one of the greatest fires ever known in Texas. Workmen put out the flames when an explosion was expected.

Tragedy Near Velasco.

Velasco, Tex., July 31.—A shooting affair occurred at the mouth of the Bernard, about 10 miles from here, between W. C. Liggett and D. A. Carroll, in which the latter was probably mortally wounded. Liggett came to Velasco and surrendered to Constable Curran.

Tragedy at Beaumont.

Beaumont, Tex., July 31.—Alec Brown and Dick Fennel had trouble here resulting in the killing of Brown. Sheriff Landry arrested Dick Fennel at his home and he is now confined in the county jail awaiting the action of the grand jury.

State Contracts for Tanks.

Austin, July 31.—State Purchasing Agent Dodge awarded the contract to the state penitentiaries to supply the iron storage tanks for fuel oil at the various eleemosynary institutions. Tanks 8x22 feet \$299.99, each delivered, and those 8½x10 feet, \$172.17.

Two Men Badly Wounded.

Smithville, Tex., July 31.—A. B. Sherin was shot and dangerously wounded here while trying to arrest two negroes for stealing a ride on a freight train. One of the negroes is mortally wounded and the other escaped.

Creamery Destroyed.

Merkel, Tex., July 31.—The creamery, cheese factory and ice plant belonging to W. N. M. Grimmer was destroyed by fire here. The origin of the fire is unknown. Loss about \$6,000, insurance \$3000.

Burns Caused His Death.

Galveston, July 31.—Carl Johnson, who was burned by the explosion of an oil tank last Friday, died from the effects of his injuries. Johnson was filling the tank when the explosion occurred.

Took Too Much Morphine.

Plantersville, Tex., July 31.—Ed Peoples, about 21 years old, died here from an overdose of morphine. He had been suffering several days from a bone felon and it is thought took the morphine to relieve the pain.

Could Not Agree.

Gonzales, Tex., July 31.—The Cortez case was closed by District Attorney Ellis and the case given to the jury. They reported that they could not agree. The judge excused them from further consideration of the case.

## BEET SUGAR.

President Oxnard Tells of the Improvements to Be Made.

New York, July 31.—Henry B. Oxnard, president of the American Beet Sugar company and president also of the American Beet Sugar association, who has holdings in the Arkansas valley and Nebraska, in an interview has given an interesting account of the beet sugar situation in this country. He said:

"We have under way 28 factories for the production of beet sugar and expect to build at least 10 more this year. My company has recently bought 80,000 acres of land in the Arkansas valley and expects to erect a factory there.

"An attempt will be made at the next session of congress to have the duty on crude sugar lowered and perhaps abolished. Should it succeed, it would be discouraging to the beet sugar industry, which is in its tender infancy. All this is of the greatest interest and importance to Colorado which is the finest country in the world for the culture of sugar beets.

## SOME NEGROES AT WORK

Twenty Are at Melrose Park in the Employ of Latrobe Works.

Chicago, July 31.—Negro laborers are returning to Melrose Park, the scene of the recent disturbance between whites and negroes. Twelve are said to have begun work in the Latrobe Steel Works Monday. Eight more, it is asserted, went to work Tuesday. Henry Beling, trustee of the village, says nothing more will be done by the villagers to prevent negroes from working in the steel plant. The 20 negroes who started to work are, however, having a hard time finding board and lodging.

The citizens say that the employment of negroes at the steel works will result in a colony of negroes being established in the west end of the village. Several of the negroes now at Melrose Park are from Alabama and were among those sent from the south when the trouble first occurred.

The Phillips Combine.

New York, July 31.—The Herald has the following concerning the movement of person or persons whose alleged attempt to organize a grain pool has attracted the attention of George H. Phillips and the postal authorities:

"A young man applied last Thursday to John L. Cowley, No. 6 Wall street, for desk room. He gave the name of Phillips and said he had come here as a representative of a large cementing firm. Being a stranger in the city he could give no references, but he thought he would be permanent. He paid a month's rent in advance. He brought nothing with him, and Mr. Cowley has not seen him since. People have called frequently for Phillip's mail, saying he was ill at the Grand Union hotel, but no mail came for him and no such man is known at the Grand Union hotel. According to George H. Phillips of Chicago persons attempting to organize a \$2,000,000 pool in September corn sent out circulars under the title of Phillips & Co., bankers and brokers, No. 6 Wall street."

Philippine Advances.

Manila, July 31.—Lieutenant Croft of the Nineteenth infantry with a detachment of Cebu scouts, had an encounter with 60 insurgents. Seven rebels were killed and 13 taken prisoners. Of Lieutenant Croft's force two privates were slightly wounded.

The Philippines commission has passed the Manila civil charter, which will go into effect immediately. The rate of taxation on real property has been amended, being fixed at one per cent for the present and two per cent after 1902.

All military cable and telegraph lines are now open for commercial use.

Boodlers After Him.

St. Joseph, July 31.—President Gates of the lower house of the city council makes the announcement that a plot to bribe the council into the passage of what is known as the Twenty-second street sewer ordinance. President Gates says he has been offered a large sum of money for his vote and influence in securing the passage of the ordinance. He threatens to go before the grand jury and secure the indictment of a number of prominent politicians.

After Two Packeries.

Fort Worth, Tex., July 31.—A conference is going on in Chicago between representatives of the Fort Worth stock yards and packing house companies and Armour and Swift. An effort is being made to bring both companies here and it is believed now it will be done. Joseph B. Goggins, representing Swift, is here and it is understood will endeavor to secure options on Fort Worth lands.

Allowed Arms for Protection.

San Francisco, July 31.—The strike ordered by the Federation of Labor shows no signs of speedy settlement. The employers predict an ultimate collapse, though the labor leaders say if it becomes necessary the strike will be extended to every part on the coast. Police commissioners have granted about 100 permits to non-union men to carry concealed weapons for the purpose of self defense.

Revolt Against Castro.

Willemstadt, Island of Curacao, July 21.—Dr. Rangel Gardinas, at the head of 5000 men, has revolted against President Castro of Venezuela.

Martial Law Suspended.

Buenos Ayres, July 31.—The chamber of deputies has approved the bill suspending martial law. President Roca will promulgate the bill at once.
